WHAT IS MY RATE?

Structure: RallyCoach

Write each rate below as a decimal rounded to the hundredths place.

1. Amy drove three hundred twenty-four miles on nine gallons of gas.

2. Cody bought two pounds of pecans for $15.50.

3. In five seconds, the rocket traveled seventy feet.

4. Twenty-five ounces of peanut butter costs $6.59.

5. In four hours, fifty-two fish were caught.

6. The caterpillar ate seven-tenths pounds of leaves in three days.
