

## Center 9: What Percent Snap

### DIRECTIONS:

Who will go first? The Material Manager and their Shoulder Partner. Then proceed by going clockwise.

How do we play?

- At the same time, one player will roll the decadie and the other player turns up two cards off the top of the deck.
- The number rolled on the die indicates what percent you are to calculate of the two-digit number created by the cards. **Example:**

Roll:  Draw: 

3	1
---	---

- Write the Roll Number in the Roll space, and the Draw Number in the Draw Space.
- Use the Workspace to write down a Numeric Sentence and a Multiplication Expression.
- Use your calculator to Solve.

Roll	Draw	Workspace	Answer
30	31	30% of 31 = ? $0.30 \times 31 = \underline{9.3}$	9.3
